Most significant for the archaeology of the Iron Age is his deciphering of the conundrums of the Lachish III destruction date, of the date of the lmlk seal impressions, and of the destruction of contemporaneous layers at other Judahite sites. In addition, David has made important contributions to our understanding of the Northern Kingdom. With contributions by 61 authors. Monograph Series of the Institute of Archaeology of Tel Aviv University 22. Tel Aviv, 2004, 2820 pp., including ca.
