The Company of Merchant Adventurers of London was a trading company founded in the City of London in the early 15th century. It brought together leading merchants in a regulated company in the nature of a guild. Its members' main business was exporting cloth, especially white (undyed) broadcloth, in return for a large range of foreign goods. In the early seventeenth century, similar groups of investors were formed to develop overseas trade and colonies in the New World: the Virginia Company (which In Merchant Adventurers: The Voyage of Discovery That Transformed England, James Evans explores the first major advances in maritime navigation, and the Tudor masters of cartography. Here, writing for History Extra, he reveals eight things a Tudor crew would have needed to do if they hoped to survive the journeyâ€”Tudors at sea: 8 ways to survive a voyage. The period is one of the most popular in history, but while we know much about the way the Tudors lived on land, relatively little is known about their maritime exploits. In his new book, historian James Evans charts one of the most important Merchant Adventurers book. Read 22 reviews from the world's largest community for readers. In the spring of 1553 three ships sailed north-east from London...Â Start by marking â€œMerchant Adventurers: The Voyage of Discovery that Transformed Tudor Englandâ€ as Want to Read: Want to Read savingâ€¦ Want to Read.
