CHAPTER 1: Understanding Big Data

CHAPTER 2: Business Motivations and Drivers for Big Data Adoption

CHAPTER 3: Big Data Adoption and Planning Considerations

CHAPTER 4: Enterprise Technologies and Big Data Business Intelligence.
He holds MCAD & MCTS (Microsoft), SOA Architect, Big Data Scientist, Big Data Engineer and Big Data Consultant (Arcitura) certifications. Dr. Paul Buhler is a seasoned professional who has worked in commercial, government and academic environments. He is a respected researcher, practitioner and educator of service-oriented computing concepts, technologies and implementation methodologies. This book is divided into two parts with the first part introducing concepts about Big Data, and the second part discussing implementations of Big Data. I found the first part to use confusing wording, while the second part was written much better. I would give the first part 3-stars and the second part 5-stars if I was rating them individually.
