Writing book reports help students to improve their analytical and communication. Besides, they also practice expressing their thoughts and ideas about the different aspects of the book they read. (back to top). Write the main part of the book report; explain the main characters, the main themes of the book, the main quotes, and on the writing style of the writer. Personal evaluation of the book and conclusion. Final editing and revision. Creating a book report outline before writing the report is necessary and important. It helps you in staying organized and completing your book report on time. The following are some book report templates that you can use for your primary school, high school, and higher-level classes. Book Report Examples. A book report is a particular type of writing which is intended to give the reader the general idea of a specific work. Even though it is considered a typical college assignment, you can find book reports containing up to five hundred words in magazines and newspapers. In case you are wondering what you should put in a book report, here is a list of the most common elements: summary, description of the characters, main themes and ideas. The report, on the other hand, is created from a more objective point of view. If you need some help with writing one, here is a short guide for you. Book Report: Preparation Stage. Before you start reading a chosen book, make sure you know the necessary information about it: author, title, genre, publication.
