Although all of us are still under the strong influence of COVID pandemic, the ISRS Education Committee has established a provisional schedule of Courses and in case it will be possible is planning to restore regular organization of these events starting from June 2021. Please follow our website for further updates. All courses. Webinars. The 15th meeting of the ISRS Congress will be held in Milan, Italy. Congress website. Radiosurgery training around the world. The International Stereotactic Radiosurgery Society (ISRS) was founded as an international, non-profit organization in 1991 and is dedicated advancing the field of stereotactic radiosurgery through research, education and multidisciplinary collaboration. CONTACT. Advances in radiosurgery: proceedings of the 1st Congress of the International Stereotactic Radiosurgery Society, Stockholm, 1993 by Christer Lindquist (Book). 1 edition published in 1994 in English and held by 45 WorldCat member libraries worldwide. Radiosurgery is a rapidly developing form of minimally invasive neurosurgery. Selected papers from the first meeting of the International Stereotactic Radiosurgery Society in Stockholm, June 1993, reflect current multidisciplinary approaches to difficult intracranial neurosurgical problems. The first congress of the International Stereotactic Radiosurgical Society convened at the birthplace of radiosurgery in Stockholm, Sweden, in June 1993. There were 345 enthusiastic participants who contributed to making the meeting a success. Radiosurgery is a multi-disciplinary specialty and it was the intention of the organizers to let this fact be reflect; ed in the outline of the conference. Treatment modalities alternative to radiosurgery were, therefore, covered in review lectures on neumicrosurgery, radiotherapy and radiobiology. There were also a number of panel discussions aiming Brussels, Belgium) Radiosurgery / 7th International Stereotactic Radiosurgery Society Meeting, Brussels, September 11-15, 2005 ; volume editor, Douglas Kondziolka. p. ; cm. (Radiosurgery ; v. 6) Includes bibliographical references and indexes. ISBN 3-8055-8105-X (hard cover : alk. paper) 1. RadiosurgeryCongresses. 108 Stereotactic Radiosurgery in the Management of.
