Principles of auditing by Walter B. Meigs, 1964, R.D. Irwin edition, in English - 3d ed.Â Buy this book. Better World Books. Share this book. Facebook. Twitter.Â An edition of Principles of auditing (1953). Principles of auditing. 3d ed. by Walter B. Meigs. With so many current auditing books full of official pronouncements and little else, it is refreshing to find a book which attempts to promote an understanding of the discipline by focusing on the philosophy and principles of auditing. The book, intended for a theoretical study, carries a foreword from Professor. Mautz. The whole approach of the book is essentially utilitarian and it claims to. look â€” at auditing from the point of view neither of an auditor nor of an auditee, but from that of one whose concern is for the well-being of societyâ€™ (page xi). The book is divided into four parts de
