The United States has a long tradition of research and practices in special education in the form of inclusion. Since the passage of the Education for All Handicapped Children Act (EAHCA) of 1975, now referred to as the Individuals with Disabilities Education Act (IDEA) of 2004, a free appropriate public education has been available to all children with disabilities. Education policy refers to the plan and underlying principles for educating students. The goals of educational policy have evolved in the United States as society and culture have changed, and are continually being debated and revised. In the United States, education policy has been important since the first settlements of the Puritans, when the goal was mainly religious. Today many see the goal of education as learning skills necessary to participate in a global economy. While it is generally agreed Special Education Conferences 2021/2022/2023 will bring speakers from Asia, Africa, North America, South America, Antarctica, Europe, and Australia. Special Education conference listings are indexed in scientific databases like Google Scholar, Semantic Scholar, Zenedo, OpenAIRE, EBSCO, BASE, WorldCAT, Sherpa/RoMEO, Compendex, Elsevier, Scopus, Thomson Reuters (Web of Science), RCSI Library, UGC Approved Journals, ACM, CAS, ACTA, CASSI, ISI, SCI, ESCI, SCIE, Springer, Wiley, Taylor Francis, and The Science Citation Index (SCI).
