KING SUPPILULIUMAS was a physically imposing man, a warrior king that stood a cubit taller than the tallest Hittite and weighed almost twice as much. His massiveness was due to the excessive amount of food he would devour and the muscle he acquired from lifting stone and iron daily. He had a receding forehead and a prominent curved nose. His black hair was gathered into a long pigtail, and the king, whose eyes were slightly slanted, spoke with a strong jaw. As was the custom for many Hittite men, he shaved his face; when he reached the age of sixty-six, it would be acceptable to grow a lengthy Find all the books, read about the author, and more. It remains one of the most erudite yet accessible tours of the Egyptian royal tombs, a solid record of treasures now in peril from the depredations of tourists and the changing Nile valley climate. Not only does the distinguished Swiss Egyptologist make the tomb paintings real for readers by use of plans and 151 color plates, he also captures the panoply of ancient Egyptian belief and its impact on daily life by explicated the passages from the Books of the Dead which the paintings depict. Producing an English-text edition at this time is especially crucial; it cautions the world to pay heed
