W. Hickey United States Declaration of Independence. Declaration of the Rights of Man. The United Nations. Next. Prev. Written during the summer of 1787 in Philadelphia, the Constitution of the United States of America is the fundamental law of the US federal system of government and the landmark document of the Western world. It is the oldest written national constitution in use and defines the principal organs of government and their jurisdictions and the basic rights of citizens. The first ten amendments to the Constitution—the Bill of Rights—came into effect on December 15, 1791, limiting the powers of the federal government of the United States and protecting the rights of all citizens, residents and visitors.
