In Handwriting Analysis, graphology expert Karen Kristin Amend offers a fresh approach to the principles of graphology. Amend demonstrates how to determine various personality traits ranging from mood to moral character, self-confidence, and emotional needs. She also shows how to detect emotional disturbance or mental illness. Beverly Hills surgeon reveals at home fix for thinning eyebrows. Learn More. 15 Answers. I believe however that you can determine someone's personality by their handwriting, but not by its own account. The reason for this is because once we have learned how to write and formed letters we don't consciously think on how to write but rather on what to say. Our handwriting is also ever changing.
