World Textiles: A Concise History

By Mary Schoeser

Thames & Hudson Ltd. Paperback. Book Condition: new. BRAND NEW, World Textiles: A Concise History, Mary Schoeser, The history of textiles, more than that of any other artefact, is the history of human ingenuity. From the very earliest needles of 25,000 years ago, to the "techno textiles" used in Space Shuttle parachutes, they have been fundamental to human existence and achievement, and - as this book demonstrates - have informed developments in many other areas from agriculture to metallurgy. Textiles are truly global commodities, common to every culture and for a long time the motivation for trade, the exchange of ideas and sometimes even conflict, between these cultures. Silks from China, carpets from Persia, ikats from Indonesia, cottons from India, fine linens from Flanders - each one of these transactions has helped to shape the modern world. Written as a chronological survey spanning prehistory to the early 21st century, this book is organized around five themes - materials, methods, trade, technology and social structures - which allow textiles from all ages to be investigated from many angles: how they are made, what they are made from, how they function in society, the ways in which they are valued and given...

Reviews

This ebook is definitely not straightforward to start on looking at but really enjoyable to learn. It usually will not charge excessive. It is extremely difficult to leave it before concluding, once you begin to read the book.
-- Karianne Deckow

The best pdf i ever study. We have go through and so i am confident that i will gonna study again once again down the road. You are going to like the way the blogger compose this pdf.

Textile World Technical Textiles Textile Industry Technology Learning Books Amazon Textile Manufacturing Cosmetics. Description Elena Phipps Textiles have been made and used by every culture throughout history. However diverse—whether an ancient Egyptian mummy wrapping, a Turkish carpet, an Italian velvet, or an American quilt—all textiles have basic elements in common. They are made of fibers, constructed into forms, and patterned. Rose Waterrose Embroidery.
The distinguished world historian Merry Wiesner-Hanks has produced an exceptionally helpful introduction to the language and current preoccupations of the world history field. A Concise History of the World offers a clear chronological structure with thematic emphases on cultural and social history, and on production and reproduction, that are very much to be welcomed.
