Questions on the Gospels: The Lessons in Historical and Chronological Order, According to the Arrangement of Townsend's Chronological New Testament, Volume 2, | Joseph Longking | 1839 | Lane & Sandford, for the Sunday School Union of the Methodist Episcopal Church, 1839

They are placed in the order that the early church believed they were written in. The dates they were written in are highly debated. Most modern scholars place Mark first and John last. All of the Gospels were written long after the events recorded and it is not even certain who wrote them, although traditionally it was Matthew, Mark, Luke and John, but they are silent as to their authors. The authors were likely not witnesses to the actual events. It appears that Luke and Matthew used Mark as a basis, or jumping off point for their respective accounts. Related Questions. Chronological order is used for something as simple as a recipe and for something as complex as a history book. In academic writing, chronological order has many uses. One of the primary ways you might use it to write a historical narrative about the subject of term paper. For example, you might review the history of labor unions before you discuss the current situation. However, chronological order is not just for historical narrative, it is also used in business, science, and engineering to explain processes and procedures. For example, chronological order would be used to explain how to take Questions on the Gospels: the lessons in historical and chronological order, according to the arrangement of Townsend's Chronological New Testament / by Joseph Longking ; revised by the editors. Acts records the highlights in the life and ministry of the Apostle Paul. The book concludes with Paul at Rome awaiting trial before Caesar. It says According to the unanimous testimony of the early church, Matthew was the first gospel written. The church father Eusebius places the date of Matthew's gospel in A.D. 41. If the ancient testimony is true, and there is no reason to doubt it, then we have a third independent source about the life of Christ written during the eyewitness period. The historical reliability of the Gospels refers to the reliability and historic character of the four New Testament gospels as historical documents. While all four canonical gospels contain some sayings and events which may meet one or more of the five criteria for historical reliability used in biblical studies, the assessment and evaluation of these elements is a matter of ongoing debate. Almost all scholars of antiquity agree that a human Jesus existed, but scholars differ on the historicity of
